

DOWNLOADS

User's manuals now also available on the internet

User's manuals as well as start-up and installation instructions for many ELSTER products can now be downloaded from our ELSTER homepage:
www.elster-amco.com

You can access the product data sheet or the instructions you require via the product overview button. The information is stored in Acrobat Reader format.

Just click on the required product under the heading "Our products" and you will find the relevant product description. From this page you will be able to download any documents you need.

FROM BARBARA GIERLICH, ELSTER GERMANY

gierlich@elster.com

Step one

Go to the section 'Our Products' on our Homepage

Step two

Select the desired product

Step three

Now you can download the datasheet or the user's manual under 'Product information'
