

CONTENTS – Profiles IN THE YEAR 2003

EVENTS

World Gas Conference in Tokyo: What's new?	1/03, p.15
Seminar in India: Bright future for the Indian market	1/03, p.16
World Gas Conference in Tokyo Worldwide experts for local needs	2/03, p.21
American Meter and AMCO Automated Systems: On the Road	3/03, p.18
SINERGY 2003 in Rimini "Nuovi orizzonti con Elkro Gas"	3/03, p.19

SERVICES

North American Service Group's Metrology Department: Where accuracy is our focus	1/03, p.17
ELSTER-AMCO: a breath of fresh air on the web From 'update' to 'up-to-date'	2/03, p.22
Product training and support More important than ever	2/03, p.24
ELSTER-Systems Additional benefits – free of charge!	2/03, p.25
The ELSTER-AMCO Group Re-defines its image Via the internet: New website launched	3/03, p.17

NORMS

Guideline 94/9/EG for products in explosive areas Implications for electronic products	1/03, p.18
-------------------------------------------------------------------------------------------	------------

APPLICATIONS

Gas for the Isle of Man: IGA completes major new contract	1/03, p.3
System components in a team/FlowCOMP	1/03, p.4
IGA extends series 4 Orpheus range: Under cover...	1/03, p.19
WEPP-Project China: Supplying metering systems to the largest gas Pipeline project	2/03, p.3
Flexible high-pressure pipes – for connecting volume correctors	2/03, p.5
Singapore PowerGas Another satisfied customer	2/03, p.6
SARS – Worldwide economic consequences We need to continue	2/03, p.7
Station management systems SIPAI simulation station	2/03, p.8
A new milestone in Pakistan The MKM 200 & MKM 400 diaphragm gas meters	2/03, p.9
Expanding the kiosk initiative Intel-Chips with everything	2/03, p.10
TRZ: 20 inches, stainless steel? We are flexible!	3/03, p.13
gas-lab Q1 Gas quality measuring device with PTB approval	3/03, p.14
Porcelain industry IGA stations help to make better "China"	3/03, p.16

PRODUCTS

WinTASK Program Control Software: Automate routine tasks	1/03, p.6
New: DL240 with CL-interface Team player	1/03, p.7
Reduction in maintenance costs: More effective remote monitoring of odorization systems	1/03, p.8
Route Manager VRT: The new system software for the TRACE VRT AMR solution	1/03, p.9
Repeatability is not everything, but there's nothing without repeatability	1/03, p.11
Stopping reverse flow: Shut-off?	1/03, p.13
We produce quality: Proof of this can be found on ELSTER test rigs	1/03, p.14
Domestic metering in the UK: In today's hectic life nothing ever remains the same for long	1/03, p.14
MR50 PN10 with inlet pressure compensation: 10 bar regulator – a move into new pressure ranges	2/03, p.11
BK-G40 And G65 diaphragm meters Now with DVGW EN 1359 certificate	2/03, p.12
Meters touring the world: Transfer packages on the test rig	2/03, p.13
For turbine and rotary meters: ELSTER Encoder index with a new design	2/03, p.14
Side by side with the forbidden city: Orpheus is now in Beijing	2/03, p.15
Ten million BK-G4s manufactured The sum of all its details delivers ready cash!	2/03, p.17
The TRACE VRT System: Now for water applications in any location	2/03, p.18
A full regulation portfolio based on US-standards Industrial regulators for any applications	2/03, p.19
New DL220 battery-operated data logger with integrated GSM modem: Completely autonomous	3/03, p.3
MR 50 – the long and the short of it Now available in a 200 mm version!	3/03, p.5
Turbine meters – the next generation TRZ-IFS2 with new flow guide	3/03, p.6
Rotary meters: Every RVG has a right to its own flange and its own name	3/03, p.8
Z6 Index: A new face for the diaphragm meter	3/03, p.9
New ELSTER software WinLOOK Making data archives transparent	3/03, p.10
IN-Z61, IN-Z62 and IN-Z63 New: Compatible with Z3 and Z6 indexes	3/03, p.12

GROUP

Dr. Michael Mertl, new Managing Director of ELSTER GmbH	2/03, p.20
Thailand: Sawadee, welcome to the Kingdom	2/03, p.27
