

CONTENTS – Profiles IN THE YEAR 2004

EVENTS

Training conference in Malaysia: Asia Pacific distributors meeting	1/04, p.16
International exhibition in Shanghai: GAS EXPO 2004	1/04, p.18
8th Gas information exchange in Singapore: GASEX 2004	2/04, p.19
Metering EUROPE 2004 in Berlin	2/04, p.20
International exhibition on coal gas, LP gas, natural gas technology and equipment: GAS CHINA 2004	3/04, p.17

APPLICATIONS

Balanced regulator MR PN 10 for the Japanese market: A perfect solution	1/04, p.12
FE230 enables battery-operated data communication No mains necessary	1/04, p.13
M2R application in Australia: Modern – Compact – Flexible	2/04, p.16
First metering and regulating station delivered in Singapore: Stable outlet pressure	2/04, p.17
Cost-effective solution using ENCODER with M-BUS interface: AMR goes wired	3/04, p.3
IGA stations for a clean environment	3/04, p.4
WEPP-Project China: Metering systems under pressure	3/04, p.6
TC: Temperature compensation in Hungary Changes in legal metrology after EU entry	3/04, p.7
M2R 25: Flexibility is tops Tailor-made solutions for every application	3/04, p.8

GROUP

Compteurs Magnol: Service activities	1/04, p.19
ELSTER expands international support: Finding solutions together	2/04, p.18
Shanghai Kromschroeder Meters: ELSTER-AMCO Group extends its presence in China	3/04, p.18
Compteurs Magnol: Under a new roof	3/04, p.19

PRODUCTS

The ELSTER Quantometer: 40 years old and still going strong !	1/04, p.3
IGA success in Singapore: Provider of natural gas applications and total solutions	1/04, p.5
ACCUTEST: The world's first transfer proving turbine meter including accuracy adjusting corrector	1/04, p.6
RVG-ST rotary meter: Certified in accordance with European Pressure Equipment Directive	1/04, p.7
High precision gas measurement for laboratories: What about an experiment?	1/04, p.8
AMCO: The American Meter 1803/1883 PFM series industrial regulator	1/04, p.10
Reading – Chekking – Saving: CHEKKER meter for optimised billing processes	2/04, p.3
New cost-effective ENCODERS for smaller consumers: Everything is absolute!	2/04, p.5
ELSTER Absolute-ENCODER: Unique technology with extended range of functions and a new design	2/04, p.7
New ELSTER EM260 Modem: Communication with battery-operated volume correctors	2/04, p.9
Measurement solution for corrosive environments: curb meter development	2/04, p.10
TRACE VRT: Mobile AMR System in virtual real time	2/04, p.14
TR22 succeeds ETM: The new advanced ELSTER Turbine Meter line	2/04, p.14
The product family is growing: The new ELSTER RVG G 400 rotary meter	3/04, p.10
Latest Absolute-ENCODER technology in a plug-in index: ELSTER goes one better	3/04, p.11
EK260: New software version simplifies operation We think less is more	3/04, p.12

TECHNOLOGY

Data communication news: GPRS – GSM for advanced users	3/04, p.14
---	------------

DIALOG

Energetika: Trailblazer in Slovenia	1/04, p.15
-------------------------------------	------------
