

Profiles in the year 2008

Service

Technical Training Course: Hands-on training	2/08, p. 12
The diagnostic tool – a solution much in demand for Elster-Instromet turbine gas meters: Prevention is better than cure!	3/08, p. 26

Group

Product Management low-pressure gas measurement: Winds of change	1/08, p. 18
Elster Metering Ltd.: An introduction to Elster Instromet in the UK	1/08, p. 19
Elster joining forces with its partner Aeroteh: Enhanced service levels	1/08, p. 22

Events

Equipment supplier in the field of gas distribution: Elster-Instromet furnishing the Olympic Games	1/08, p. 24
Elster-Instromet know-how much appreciated in Korea	2/08, p. 13
GASEX 2008: Total solution concept	3/08, p. 21
North Sea Flow Measurement: Workshop 2008	3/08, p. 22
Sino Europe Gas Metrology Conference 2008: China joins Europe in clean energy mission	3/08, p. 23

Dialogue

Good business relationship: Eesti Gaas in Estonia	2/08, p. 21
New integrated Metering Solutions brochure launched: Step into a world of difference	3/08, p. 19
Quality pays off: TR22 turbine gas meter set for success	3/08, p. 20

Applications

J42 meter regulator: Three stage LPG supply innovation	1/08, p. 16
Approval from MIGAS, Indonesia: Elster meters used in custody transfer applications	1/08, p. 17
Elster and PTOCI "boosting" gas metering in Sumatra: PT One-Connect Indonesia wins contract for Jabung Gas Booster Station	2/08, p. 14
Petrom II – Project with potential: Custom-made – customer requirement actively implemented	2/08, p. 15
EuroLoop: innovative verification, calibration and test facility for flow measurement	
NMi counting on Elster-Instromet	2/08, p. 19
Eesti Gaas uses IP communication for remote readout: Data from EK260 for SCADA and billing systems	2/08, p. 22
Process optimisation in regulator production: New modules integrated into the M2R assembly line	3/08, p. 11
Elster-Instromet station solutions: "Turnhouse" – turnkey project	3/08, p. 24

Products

The index for SM-RI-X and Q75: MI-2 with extension potential	1/08, p. 5
Flow computer trends in international gas metering and regulating stations	1/08, p. 6
Data logger with new front film in Elster blue: Yellow was yesterday – today, it's blue!	1/08, p. 9
New assembly line for production of measuring unit V2: Convincing technology	1/08, p. 10
Volume corrector accessories: New adapters for universal temperature sensors "Not fitting? Not a chance!"	1/08, p. 11
Gas meter test facility: Remote bootstrapping	1/08, p. 12
New: Data logger DL220W for network monitoring	
A good recipe: water-tight and compatible	1/08, p. 14
The new EK220 volume corrector: More than just volume correction	2/08, p. 2
Orpheus resurfaces: The new generation	2/08, p. 6
Elster-Instromet received Certificate: 3000th calibration at Westerbork	2/08, p. 7
Smart metering: Remote shut-down of diaphragm gas meters No compromises as far as safety	2/08, p. 8
Gas meters with mechanical temperature conversion: Why give away gas?	2/08, p. 10
Modularity: The domestic diaphragm gas meter in the field of smart metering	3/08, p. 3
WinPADS software: Setting parameters and reading out data made easy	3/08, p. 4
Twenty years of the BK-G4 diaphragm gas meter: The legendary tin can box is simply a good product!	3/08, p. 6
New: Ultrasonic gas meter with MID approval ideal for custody transfer measurements	3/08, p. 7
Orpheus underground pressure regulating module Elster's trustworthy product	3/08, p. 9
Elster Group on hand, as Turkey learns to manage a growing natural gas industry	3/08, p. 9
Successful market launch of turbine gas meters SM-RI-2: the new reference in gas transport	3/08, p. 10
Hydrocarbon dewpoint measurement with the EnCal 3000: Efficient combination of measuring tasks in gas quality analysis	3/08, p. 12
Methane arrives in Italy by ship	3/08, p. 17
Mechanical Permasert®: Approval as first mechanical coupling for PE100 piping systems up to 10 bar	3/08, p. 18

Standards

Elster volume correctors: Now with MID approval	1/08, p. 2
---	------------
