

Metering Europe 2010

22 to 24 September in Vienna, Austria

Once again Elster will be present at the Metering Europe 2010 as a Gold Sponsor. This premier metering event is the largest show of its kind in Europe.

Metering Europe 2010 gives Elster the opportunity to show the market and its customers that Elster is indeed one of the leaders in the industry, not only in Europe, but worldwide. Now more than ever, Elster is able to provide the full energy product value chain, thus enabling multi-utility companies of all sizes to deploy smart meter and smart grid solutions to meet today's and tomorrow's challenges. Check back with us in the future to learn

about the highlights of the event and we'll also share with you what the key points of interest were for 2010.

We will be pleased to be able to greet you to our **Stand no. F15 in Hall 2.**

You can find detailed information at: **www.metering-europe.com**

26 – 29 October 2010, 28th International Workshop, St Andrews, Scotland

North Sea Flow Measurement

Elster-Instromet will be presenting Integrated Metering Solutions by showing a complete demo installation including the new bi-directional SM-RI-2 turbine gas meter and the next generation ultrasonic flow meter Q.Sonic^{plus}. Other highlights are the new flow computer FC 1 and the ISS^{plus} demo software. The new Q.Sonic^{plus} includes a localized display unit, all metal transducers, multi-point calibration (enabling a 0.1%

meter), along with the UniGuard PC user software. The unit meets the requirements of ISO/CD 17089 Part 1, AGA-9 and OIML R-137-1".

More information about the programme and schedule can be found on the homepage www.tuvnel.com.

Sector B, stand 6
Fairmont St. Andrews Hotel

24 – 26 November 2010, Taipei, Taiwan

GASEX – Conference & Exhibition

GASEX (a.k.a. Gas Information Exchange for the Western Pacific Area) is the Western Pacific region's official platform for the gas industry and comprises 15 member economies, including Australia, Brunei Darussalam, China, Hong Kong, Indonesia, Japan, Korea, Malaysia, New Zealand, Papua New Guinea, the Philippines, Singapore, Chinese Taipei, Thailand and Vietnam.

The biennial GASEX Conference & Exhibition is the only forum dedicated to the natural gas industry in the Western Pacific Asia region. For the last two decades, GASEX has become one of the most important events in Asia in the pursuit of best practices in gas utilization safety & reliability, high efficiency of natural gas technology and reducing carbon emissions into the environment, etc.

With the theme "Pursuing the Cooperative Paradigm on Environment, Energy and Economy", the GASEX 2010 Conference and Exhibition aims to bring

together the best minds in the gas industry to share and exchange their views, knowledge and expertise. We at Elster-Instromet would like to take

this opportunity to present our range of solutions and services, and to discuss the day-to-day issues relating to gas measurement and control with our valued customers.

Throughout the three days of exhibition, our stand will be home to our specialists from various affiliates, who will gladly make themselves available to all visitors.

We look forward to seeing you at **stand A39 – A54, Exhibition Hall 1, Zone A in the Taipei World Trade Center, Taipei, Taiwan.**

1 – 4 November 2010, Abu Dhabi

ADIPEC 2010

The Elster-Instromet Middle East team is looking forward to welcoming you at the ADIPEC 2010. ADIPEC is held at the Abu Dhabi National Exhibition Centre (ADNEC), Abu Dhabi, United Arab Emirates from 1 – 4 November 2010. You will find us in **hall 8**, at the **German Pavilion at stand 08070 B**

Come and enjoy our hospitality and discover the Elster world of technology – leading technology for Integrated Metering Solutions and innovated gas metering products.
