

# Profiles in the year 2011

## Group

Series: Introducing you to a company: Elster S.A.S. – your partner for gas in France	1/11, p. 15
Series: Introducing you to a company: Elster Dortmund: high technology in historical surroundings	2/11, p. 14
Gas Quality Division: Acquisition of high-tech company SLS Micro Technology GmbH	2/11, p. 16
Series: Introducing you to a company: Elster-Instromet EISB, Malaysia – your partner for gas in the Far East	3/11, p. 24

## Applications

Gas meter calibration technology: Be the master of the master	1/11, p. 8
Fast productive solutions for smart metering: Elster Rapid Deployment Solution	1/11, p. 10
New requirements – New products – New services: Italy takes the lead in smart metering	1/11, p. 12
Another IMS success story in Singapore: Elster-Instromet wins over yet another key account!	3/11, p. 18

## Standards

First NMI EuroLoop certificate issued: Elster-Instromet master meters for calibration	1/11, p. 16
Farecogaz: Pooling technical expertise for gas infrastructure products	2/11, p. 20
Protection profiles: effects of the new German Energy Industry Act: Data privacy & data security in German smart grids and smart meters	3/11, p. 26

## Events

E-World: focus on smart metering: Simple – clear – smart?	1/11, p. 14
Facts and fun at the AGA Conference Happy birthday Elster American Meter!	2/11, p. 12
MIOGE 2011: Trend towards complex solutions for the oil and gas industries	2/11, p. 13
International Technical Training Course 2011: Further training takes centre stage	2/11, p. 18
Metering Europe 2011 in Amsterdam: Interoperable by design	3/11, p. 19
Elster Gas Meter Segment wins competition Elster in Lotte: Factory of the Year	3/11, p. 20
Elster Gaselectronica: Fledgling company comes of age	3/11, p. 22

## Products

The MR goes high-pressure: Launch of the MR HP20 regulator series	1/11, p. 3
Gas quality analysis: More than heating value measurement alone	1/11, p. 5
Automatic oil lubrication of turbine gas meters for applications down to -25°C:	1/11, p. 6
Turbine gas meter TRZ2 with measuring ranges up to 1:200: Unmatched measuring ranges	1/11, p. 7
UK smart deployment gathers pace – and Elster is in the driving seat	2/11, p. 3
M2R application in Denmark: The success story continues	2/11, p. 5
The solution: New index SIV for industrial diaphragm meters BK-G100	2/11, p. 6
Elster-Instromet supplies mobile calibration truck to Sinopec:	2/11, p. 8
A smart index – flexible and modular Slotted or cross-head screw?	2/11, p. 10
Quick detection of tripped valves S100 gets new remote switch	2/11, p. 11
The 040 Series – a leader in its field	2/11, p. 12
The turbine gas meter – the “VW Beetle” of industrial gas metering!	2/11, p. 19
Q.Sonic <sup>plus</sup> – the next generation: High tech from Elster protected by patent	3/11, p. 3
A look into the future: Sonic Explorer – a smart software assistant for ultrasonic gas meters	3/11, p. 5
Rotary gas meters: the complete product family A comprehensive range from a single source	3/11, p. 7
EnCal 3000 with enhanced features: 1 + 1 = Quad	3/11, p. 8
New: Elster’s commercial diaphragm meter measures the standard volume: Themis <sup>plus</sup> , the Swiss army knife of gas measurement	3/11, p. 11
Elster and the ME <sup>3</sup> GAS project: International cooperation	3/11, p. 14
MR HP20 high-pressure regulators as an extension to the series	3/11, p. 16

## Service

How Elster defines its repair management for gas meters: High service quality is our passion	3/11, p. 23
