

Profiles content 2015

PRODUCTS

- Mechanical pipe coupling systems Permasert® and tapping tees PermaLock®: In use all over the world – perfect, safe connection of PE pipes 2/15, p. 3
- New challenges for gas quality analysis in industrial gas utilization: There is nothing as consistent as change 2/15, p. 6
- New software for greater flexibility and enhanced programming capabilities:
Innovative firmware for ultrasonic flow meters 2/15, p. 10
- Expansion of production facilities in Mainz-Kastel:
New production line for ultrasonic gas meters 2/15, p. 11
- Gas metering in power plants – high temperature turbine meter: Energy is hot! 2/15, p. 12
- A great success in the medium pressure range:
MR 50 PN1 now with low-pressure cut-off 3/15, p. 3
- GasLab Q2: fast and accurate gas quality analysis
The new art of gas analysis 3/15, p. 5
- Biomethane has arrived! Biomethane – the Beaujolais Nouveau among natural gases 3/15, p. 8
- New options for Q.Sonic^{plus} Instromet Americas footprints innovation with Series VI retrofit 3/15, p. 10
- Update for popular regulator: Spring forward 3/15, p. 11

EVENTS

- Kromschröder through the ages:
A company turns 150 years young 1/15, p. 17
- Elster at the WorldSkills Competition:
Go for Gold, Steffen! 2/15, p. 16
- An innovative contribution from rising professionals within the gas industry: Youth Event at the WGC 2015 2/15, p. 16
- German youth science and technology competition “Jugend forscht” 2015: home-made biogas
A mobile biogas system as an alternative to the German green waste bin 2/15, p. 17
- WGC 2015: Paris was worth the trip!
Growing together towards a friendly planet 2/15, p. 19
- Series: Products in figures – 25 years of battery-operated volume conversion devices 2/15, p. 20
- GAS CHINA 2015: Elster is still the super star of the show 3/15, p. 12
- ROS-GAZ-EXPO in Saint Petersburg:
The new volume conversion device EK290 – a highlight of the Russian gas market 3/15, p. 13
- Series: Products in figures
36 years of EnCal gas chromatographs 3/15, p. 14
- Just in case: from person to person – Elster Employee Day in support of the German Bone Marrow Donor Centre (DKMS) 3/15, p. 15

R&D SCIENCE

- Elster supports research and teaching at HAW (UAS) Landshut, Germany: “I want to know!” 1/15, p. 10

GROUP

- Series: Introducing you to a company with tradition and future: Elster Metering Ltd. – smart and traditional 1/15, p. 22
- Industry 4.0: the smart factory – Elster establishes innovative manufacturing technologies 2/15, p. 21
- New word and design marks at Elster:
Elster Meter – Elster Instromet – Elster Thermal Solutions 2/15, p. 23
- Elster Metering, Americas continues era of innovation and is acknowledged as industry leader:
Elster utilizes AGA platform 2/15, p. 24
- Gas chromatograph EnCal 3000:
What gas would you like to test? 3/15, p. 14
- Series: Introducing you to a company with tradition and future: Elster American Meter 3/15, p. 16

APPLICATIONS

- RheinEnergie utilizes independent data interfaces of the EK280: Two birds with one stone 1/15, p. 3
- Technical innovation:
New assembly line for regulator production 1/15, p. 6
- Many load cases convincingly under control:
It's the control unit that counts! 1/15, p. 8
- EnCal 3000 and Type 4 Mix: the optimal combination:
A chromatograph can only be as good as the calibration gas it uses 2/15, p. 14

SERVICES

- The Elster experts are here for you!
After-sales service portfolio: all-round service from Elster 1/15, p. 14
- Joachim Emrich new Director After Sales Services:
Focus on service 2/15, p. 18

STANDARDS

- Standard recognized worldwide:
Now also ISO 17025 accredited 1/15, p. 13
